SITE SUPPLIES NATIONWIDE

Big on Innovation

Kem Edwards Ltd.

launch major new

SITE SUPPLIES

PRODUCT

CATALOGUE

and new

WEBSITE

Crammed with innovative new products and a wide range of conventional products and tools, Kem Edwards' massive 300+ page catalogue is a must-have for anyone wanting to single-source their construction supplies.

Housed in a ring binder, the catalogue contains full colour illustrations and detailed data with sections including; Fixings and Fastenings; Site Consumables; Hand and Power Tools; PPE and Site Supplies; Channel Support; Electrical and Mechanical.

New manufacturers featured in this edition include; Milwaukee, UVEX and Klauke. Innovative products can be found in almost all product areas as part of Kem Edwards'

ongoing Innovations Programme to help in saving time, skills and costs.

The new website www.kemedwards.co.uk features an on-line version of the catalogue plus news, company and service information.

Collectively the catalogue and website provide one of the most comprehensive and advanced ranges of site supplies available, backed up by Kem Edwards' technical expertise and nationwide support.
